CITY WILL BEAR PART OF COST

As a result of a meeting of the city council as a committee of the whole yesterday morning, it was decided that electric trolleys would be installed on Sixth, Seventh, Eighth, Ninth and Tenth avenues.

At the meeting of the city council last night Councilman Elmer A. Martin made the report of the committee of the whole. He stated that the city would bear 15 percent of the maintenance cost, and the property owners would bear 85 percent of the cost.

The globe of the General Electric company was adopted. Martin stated that Charles R. Brown had submitted figures on the cost of the standards, but the committee felt that estimates should be received from other concerns. The matter of adopting a type of standard was laid over for two weeks.

The proceedings for the installation of the electric trolley system will be under the 1911 act, and the maintenance district will undoubtedly be formed under the 1919 act. This act provides for a public hearing as to the percentage of maintenance charges the city and the property owners shall pay, and also states that the percentage as fixed by the council cannot be decreased. It is possible that in proper showing by the property owners that the percentage the city will pay could be increased.

STREET REPAIR PROBLEM HERE

Keeping the thirty-five miles of streets of the city in repair is a task that is keeping street superintendent E. A. Hoffman busy scratching his head to know just which street should be taken care of first.

The street repair problem came up at the meeting of the council last evening when Councilman Elmer Martin said that residents on Ohio street, between Fourth and Tenth street had complained to him about the poor condition of the street.

Martin also said that Oil and Wine streets, which connect with Cutting boulevard on account of the heavy travel by trucks was getting in bad condition.

Both of these matters were transferred to Hoffman to be taken care of.

POLICE HALT JAIL BREAK

OAKLAND, Feb. 4.—A wholesale jail break in the prisoners' cell of police court here was narrowly averted today, when discovery was made by a court bailiff that 12 prisoners had formed a human battering ram and had sprung the steel door on the pen.

Robert Fergie, bailiff of the court, was sent to the cell by Police Judge Edward Tyrrell, whose intuition told him that something was wrong. Fergie found the heavy door bent outward by the prisoners. He immediately sent for reinforcements.

Among the men attempting to escape were four being held on felony charges. They were Chester Martin and Rosendo Martinez, suspected auto thieves; Earl Trux, accused of cashing bad checks.

BODY HELD AT LOCAL MORGUE

Convinced that concerted action is being made by some group, probably a large bootlegging ring, to keep facts concerning the fatal burning of Tony Glosso from the Richmond police, Chief of Police Dan Cox yesterday laid facts of the case before Federal Prohibition authorities.

Unable to find the scene of the explosion or fire from the effects of which Glosso died Friday after being left at the Abbott Emergency hospital by two unidentified men who escaped, local authorities are centering their efforts on finding those with whom Glosso was associated at the time of the fatal accident.

35 BOYS, GIRLS TAKEN IN RAID

BAKERSFIELD, Feb. 4.—UP—County officials today had under investigation circumstances surrounding a sensational raid of a "juvenile night club" which resulted in 35 boys and girls of high school age being brought before the county grand jury. Police and sheriff deputies who conducted the raid said that liquor was being sold at the club and that the walls of the building bore obscene drawings and writings. Practically all those in custody are minors and several are from prominent families, authorities said.

Records seized show that the organization had a regular membership and that dues were paid. Al Cox, an adult, is being sought as the man responsible for maintaining the club. Charges of contributing to the delinquency of minors may be filed against him.

Petitions For Council Close Here April 17

The last day on which petitions for those who desire to run as councilmen can be filed is Wednesday, April 17.

City Clerk Faris stated last night that five nominating petitions for the full term had been filed and one petition for the short term.

If a primary election is held it will take place April 29 and the general municipal election will be held May 11.

Two years ago there were 3872 votes cast at the municipal election, while the total registration was 8246.

Council Asks Key To Fix Streets Here

Whether or not City Manager J. A. McVittie will be able to persuade the officials of the Key System Transit company that it should keep faith with the city of Richmond, and put Macdonald avenue between its car tracks in proper condition, is a question, but the task was handed to him by the city council at its meeting last night.

The deplorable condition of Macdonald avenue between the tracks of the street car company was brought to the attention of the council by Councilman W. W. Scott. It was stated the company did a little repair work on the avenue some time ago, but the street was in worse condition today than ever.

Just before the task was wished on him, McVittie informed the council he had communicated with the Key System officials a number of times about street repairs and their expense was not sufficient funds.

Lindy On First Leg Of Panama Flight

BELIZE, British Honduras, Feb. 4.—(U.P.) Col. Charles A. Lindbergh celebrated his twenty-seventh birthday here tonight by completing the first part of his three-day flight from Miami, Florida to Cristobal, Panama Canal Zone, inaugurating the new Pan American airway route, through central America.

Final Plans Made For Disaster Test

Final plans for the disaster test of the disaster relief committee in the Hotel Carquinez yesterday.

Under the plans discussed, the business district of Richmond will be "destroyed" by a blast and fire. The disaster will be simulated by five short and one long blasts of the Santa Fe shop whistle.

At this signal the Boy Scouts, Police, and Fire departments, Health Center and Red Cross will mobilize to start the disaster relief work.

The program is sponsored by the Richmond Boy Scouts and is for the purpose of giving civic organizations experienced in disaster relief here.

PRESIDENT LOSES IN FIGHT

WASHINGTON, Feb. 4.—(U.P.)—Ignoring the appeal of President Coolidge for elimination of the time clause from the navy cruiser bill the Senate today upheld by a vote of 51 to 28 the provision that construction of all ships authorized shall be started within three years.

It was the worst defeat the President has suffered on a legislative issue during his entire term. Many of his most loyal supporters in the Senate voted against him. President-elect Herbert Hoover also stood with the President against the time limit.

Senator Harrison, Mississippi democrat, one of the administration's avowed enemies, introduced the amendment suggested by Coolidge on which the issue was decided and assumed leadership in the fight for its adoption. He was joined by republicans and democrats of the Independent group, usually antagonistic to the administration, and by a few administration republicans.

The defeated Harrison amendment would have provided that the 15 cruisers and one aircraft carrier authorized by the bill might be started any time within three years at the discretion of the President. As it now stands, the measure requires that the cruiser must be laid down at the rate of five a year.

FOUR INJURED IN CRASH HERE

Four persons were treated at the Cottage hospital last night for injuries suffered in an automobile accident at the intersection of San Pablo and Macdonald avenues.

The injured were: Ernest Brown, 508 Central avenue, Richmond, driver, cuts and bruises on the head and face; Miss Waver O'Keefe, 196 San Luis avenue, Richmond, ankle wounds, bad cut on right shoulder, cuts and bruises on the legs; Leona Frye, 160 Richmond avenue, El Cerrito, cuts on the face and legs; Gertrude Pickle, 299 Avila avenue, Richmond, ankle, extent of injuries unknown.

According to a report made by Patrolman Frank Frye who investigated the crash, the party was driving south on San Pablo avenue, headed toward home. At the intersection of Macdonald and San Pablo avenues they saw a machine crash into a telephone pole. Brown declared that he was driving slowly when suddenly something struck his machine, ripping off its top.

This wire which struck the car occupied by the four injured persons was on a pole which had been snapped off a few moments before by an automobile driven by R. J. Foltz of the Marine Barracks. Foltz told police that he had struck the pole in an attempt to avoid collision with a car which made a left hand turn onto San Pablo from Macdonald avenue as he was driving north on the avenue.

B. F. Dunlap, 434 Nevin avenue, Richmond, hurried Brown to the Cottage hospital. The other three were brought here by Don C. Wallace, city electrician of Berkeley. They were treated by Dr. H. L. Carpenter.

An application for a marriage license was made in Martinez recently by Horace Phillips, 24, and Dolly M. Bower, 10th of El Cerrito.

WARTIME BACKSIGHTS

It is possible without disrespect to him either as a former president and as one called to his fathers, to discuss the value of Mr. Wilson in the high office he held during the outbreak and prosecution of the American phase of the world war. This the American Legion Monthly does in a kindly but firm spirit in its latest issue, enlightening its readers on some of the revelations of the later writings of Colonel Edward M. House which had escaped our notice.

The passage of time will clear away from men's minds the fog of Wilson's ultra idealism, and disclose him as a man, not a demigod and doing only that which an erring human person could do in a crisis so gigantic. If Colonel House' narrative does nothing else it will add to the luster attachable to the name of Pershing by marking the general's dual struggle—against the enemy on the front and against the uninspired and at times terror-stricken policies behind him. It is proportionally greater to have won victories abroad with such support at home.

Perhaps the greatest achievement of General Pershing was not the raising of hastily drafted and recruited men, ill-trained but full of fight, into a solid American smashing machine, although that is a great feat, but the overpowering of the pusillanimous proposals of the allies, backed by Wilson, for the consolidation of Americans by battalions in foreign units, commanded by foreign officers.

We who participated in the said war came back unconscious of the undercutting that was done, but distinctly suspicious that something was not right in the home sector. It was sustaining of morale and patriotic sentiment to feel that we had been an American Expeditionary Force, having had some part in the drive that won the war. They say that many of our soldiers emerged from their war experience warped mentally, morally and physically. What would have taken place with them had they been deprived of the nationalistic spirit, it is hard to tell.

The nation shared the feeling of the soldiers, and made an accurate evaluation of the causes. It destroyed the Wilson plan for league membership.

The League of Nations Non-Partisan association has decided to drop the word "non-partisan" from its name because it finds neither the democratic nor the republican parties are interested in it. Seems to us that makes the word non-partisan all the more appropriate.

Our modern internationalists, who think that everything good originates in Europe, would like to substitute for "Pan-America" the slogan "Can America."

The Peasant Party won an overwhelming victory in the elections in Roumania. Now let's see whether they get any farm relief over there.

A noted chemist says that a gas has been discovered which is too terrible even to be used in war. Probably the bootleggers can make something of it.

Afer the Kellogg pact gets war officially outlawed, Mr. Mars will doubtless move his residence permanently to Chicago.

JUNIOR COLLEGE DISCUSSED AT RICHMOND CLUB

The possibility of a junior college for Richmond was discussed by R. N. Tucker, principal of the local high school, at the meeting of the civics department of Richmond club yesterday afternoon. The afternoon's program had been arranged by Mrs. Bernice McCar-mick, chairman of the civics section and had to its main part the talk by Tucker.

The speaker sketched briefly percentages of attendance in elementary and secondary schools years ago with the increased enrollment of the present day, and the rapidly increasing percentage of those who enroll for university courses. Tucker claims that it is becoming impossible for the state universities to take care of the large enrollments of the present. Because of this, he pointed out, Stanford has so raised her entrance requirements as to eliminate many and California is also requiring more and more of students; especially in the state universities, where the demand for classes far exceeds the accommodations.

Tucker told of junior colleges at San Mateo and Palo Alto where students receive the first two years of college training and stated that pressure is being brought to bear on communities to take care of students through the junior year. The speaker expressed his opinion that the demand for junior colleges will come rapidly in the next few years, but that Richmond, because of its proximity to Berkeley will be among the last to plan a local junior college.

The musical program yesterday afternoon included violin solos by Turner Brashear, accompanied by Miss Bernice Mills. His numbers were Ernest Ball's "Garden of My Heart" and Borowski's "Adoration." Miss Mills gave several monologues.

Refreshments were served at the close of the afternoon by Mrs. C. L. Draper, Mrs. J. A. Blair, Mrs. J. E. Tarr and Mrs. Emma Thompson.

Mrs. Nellie Lambrecht will be in charge of next Monday's meeting when a book review will be featured.

School nurse, says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. It works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

HE HEARS that his uncle died without leaving a will. Under the law he is entitled to a share of the estate which he loses no time in claiming.

He may be the last person in the world his relative wished to remember. Nevertheless, in this case, the failure to write a will fills a scapegrace's pockets and deprives nearer and dearer members of the family of what they would otherwise receive.

Let us tell you what happens in this State if you postpone making your will until too late.

It will take but a few minutes of your time to come in to get the facts.

SCHOOLS TO AID BOY SCOUT WORK

The Boy Scout movement will cooperate with the Richmond schools, according to Robert F. Cox, Scout commissioner for Richmond and district.

"Richmond Boy Scouts will receive instructions in the various merit badge subjects in the regular classes held at the junior high schools," Cox declared yesterday. "A major part of each test passed by a Scout includes living up to the Scout oath and laws both at school and at home. Each examiner must satisfy himself that this requirement is fully filled before allowing the test to be completed. After completing the regular session of the Board of Review held the first Friday of each month, if the boys pass the board of review tests, they are recommended for merit badges. "Merit tests pamphlets have been placed in the junior high schools. A number of teachers will instruct in arts that Scouts must learn to earn merit badges. If they are able to pass the tests in school, a recommendation will be made by the teachers to the Scout review board who will make the final tests."

When the board of review makes their recommendations, the Scouts passing tests appear before the Court of Honor where they are awarded badges. In speaking of the Court of Honor, Cox said: "Under the leadership of Thomas G. Gray, the Richmond Court of Honor system has been built up to rank with the highest in the Twelfth Boy Scout Region. "There are at the present time 88 merit badge subjects covered by the Scout program, to assist a boy to find his life vocation. Many Richmond Scouts are majoring in subjects at college that were decided for him in passing the subject in a merit badge test. Cox announced the following teachers of merit badge requirements in local schools: C. P. McLaugherty, L. W. Johnson, Leo A. Vina, Cleo V. Howell, George B. Miner, H. L. Harris, Herbert L. Hunn, Roy Huffman, R. A.

Hearing On Vet Estate Will Be Heard Monday

MARTINEZ, Feb. 4.—The hearing for distribution of the estate of Robert G. Merney, Crockett war veteran, was postponed today by Superior Judge H. V. Alvarado until next Monday. The postponement was granted to permit T. D. Johnson, attorney for A. D. Pennoque of Crockett, to submit data establishing the court's authority to make such a distribution of the estate. Pennoque seeks to be named distributor of the estate.

The estate, consisting of \$10,000 War Risk Insurance is under probate by Raymond Johnson, public administrator. After Pennoque had filed petitions for the estate Contra Costa county council American Legion asked the United States Veterans bureau to assist an attorney to intervene in the proceedings. Pennoque claims \$2500 of the estate for services performed under power of attorney secured from Merney's mother who resides in Italy and for his discovery that Merney had killed under a name other than his own, his death and the existence of the \$10,000 insurance policy.

Power of attorney which he says revoked that granted Pennoque is claimed by Marina Gannell of San Francisco who has filed a demand that the estate be distributed to him.

Subjects taught by these teachers include art, aviation, agriculture, automobile, basketball, bugling, business, chemistry, civics, carpentry, electro craft, metalcraft, woodcraft, leather craft, painting, printing, interpreting and scholarship.

PLANS SET FOR SCOUT WEEK HERE

Continued from Page 1

Six troops are in the state of formation according to Robert F. Cox, Boy Scout commissioner. Although the anniversary marks the nineteenth birthday of American Boy Scouts it is the twenty-first birthday for the English or organization.

History Romance

A romantic history lies behind the organization of the Boy Scout movement. In 1899 General Sir Robert Baden-Powell, in command of the English forces in the Boer war in Africa noted the work done by a group of boys in a small village. These boys organized into a small troop and carried dispatches for the Britons.

Later in England, Sir Robert decided that what a group of boys could do in war times could be repeated during peace. In 1908 he started the Boy Scout movement. Not to be confused with the boys in the floor war, the Boy Scouts are not a military organization, although they have aided many countries during war. The purpose is to aid and instruct young boys.

Organized In U. S. In 1910

Ernest T. Seton organized the Boy Scout movement in the United States in Washington, D. C., on Feb. 8, 1910. Seton had made a trip to England the year previous. While in London he became hooked in a heavy fog. A newsboy took him to the place he was hunting and carried his grips for him. When offered a tip, the boy refused it, declaring proudly that he was a Boy Scout and couldn't take a tip for doing a "good turn."

Movement Grows

Since 1910 the organization has grown to a membership of more than 800,000 boys. Troops are located in almost every city in the country. Service clubs, churches, and cities are sponsoring the movement. There are different branches of the organization. There are the Boy Scouts, Troop Scouts, Lone Scouts and Rural Scouts—all having the Boy Scouts as their model.

Program Arranged

The program to be held in Richmond follows closely that arranged for the remainder of the country. Friday at 8:15 o'clock re-dedication services will be observed. Every Scout will stand at attention, and rededicate himself to the principles for which the Scout Oath and Scout Law stand.

Saturday disaster relief programs will be held in each city, to show what the Scouts may do to aid their towns in time of disaster. Scout Sunday will be observed Feb. 10. Special services will be held at Richmond churches in honor of the Scouts. All Boy Scouts will attend in uniform.

School Day Observed

School day will be observed by the Scouts on Monday. Scouts will participate in school demonstrations to show that Scouting augments school work and tends to interest of boys for school and education. All Scouts will wear uniforms to school during the week.

On Wednesday "Citizen's Day" will be observed with the Scouts doing a "good turn" for their community. Thursday, the final day of the anniversary week will be celebrated with "Home Day." On this day Scouts will do "good turns" about their homes.

Interest Growing Here

Interest in the Scout movement is growing steadily here, according to Robert F. Cox, Scout commissioner of Richmond and district. He declared that within a short time Richmond's Scout troops will have a membership of over 300. Interest has been growing among business men and school teachers here, Cox stated. At the present time a well known group of Richmond business men and executives form the Boy Scout Court of Honor and Court of Reviews. Teachers in the junior high schools are teaching crafts that Scouts must learn to receive merit badges.

Cox predicts a larger growth of Scout membership and troops and interest in the movement during the nineteenth year of Scouting.

Past Exalted Rulers Program For Elks Today

Past Exalted Rulers' night will be celebrated by the Richmond lodge of Elks tonight in the Elks' clubrooms on Tenth street near Macdonald avenue. Joseph F. Brooke, general manager of the Standard Oil company, will be the chief speaker of the night.

The committee in charge of the event includes George B. Frisdenberg, L. R. Vaughan, E. N. Gordon, T. M. Carlson, A. A. Abstrom, J. P. Hoey, J. M. Stewart and A. B. Hinkley.

First Aid Drill Held By Troop 4

First aid was practiced by the members of Boy Scout Troop No. 4 of Richmond last night at a session in the Seashell.

Plans were arranged at this session of the mobilization to be held Saturday. Troop 4 has been ordered to meet at Sixteenth street and Macdonald avenue.

Robert F. Cox, Scout commissioner, was in attendance and addressed the boys on Scouting. Scoutmaster A. S. Lilly was in charge of the session.

El Cerrito Troop Initiation To Be Held Feb. 8

Initiation for the El Cerrito Boy Scout troop will be held Feb. 8, according to an announcement made last night by William Blum of the El Cerrito Junior Boy Scout committee.

The initiation will be held in the Fairmont school auditorium and will be open to the public.

Eagle Pioneers Name Officials

Officers were elected by the Lone Eagle Pioneers in the Y. M. C. A. last night. Angelo Polera was chosen leader and other officers are: Wesley Raso, chief runner; Gay Raskin, deputy runner; William Rancey, recorder; Tom Toyoda, treasurer and Al Smith, athletic manager.

UNION-ETHYL Now in Third Year ... offers

New Advanced Spark Power

A High Compression Triumph that every motorist can take advantage of

AFTER more than two years experience in "service testing" Union-Ethyl, the real anti-knock fuel built up for high compression, the Union Oil Company now announces New Advanced Spark Power.

Breaks Three World's Records

It was this multiplied power that enabled Brock and Schlee with Union-Ethyl to break American Record for sustained flight in an aeroplane without refueling.

It was this power that enabled Dick Lynes to break the International Speedboat Championship record in limited 151 hydroplane class.

It was Union-Ethyl Advanced Spark Power that enabled Holt to set a new world's non-stop tractor record.

Ask for Folder

To you—NOW—New Advanced Spark Power means Peak Performance from your motor car. It means that you will obtain—for the first time—maximum mileage.

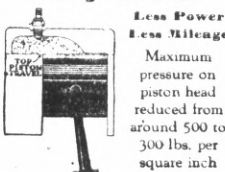

A folder describing this new attainment can be secured from any Union dealer. Ask for one today.

Six Other Pioneering Feats of the Union Oil Company

1. Built the first refinery in the West.
2. Designed the first oil burning locomotive.
3. Constructed the first pipe line to tide water.
4. Commissioned the first tanker ever used on the Pacific.
5. Discovered the method of securing oil from below the 2000 foot level.
6. Brought in four of California's greatest oil fields—Santa Fe Springs—Richfield—Dominguez—Rosecrans.

WINTER SPORTS CARNIVAL

Dog Derby

Tahoe-Truckee, Feb. 10 to 12

Here's a chance to see one of the West's greatest sporting events, and at the same time to enjoy the winter sports of the high Sierra at lowest cost.

Tahoe and back \$ Truckee and back \$

Ask your agent about convenient train service. A team of Malamutes, another of Huskies, another of Wolf Hounds, snapping, lurching, straining to go. Five men are needed to hold the sled. They're ready to go.

The dog teams will race each day from Truckee to Tahoe and back, 30 miles a day, or a total of 90 miles for the event. Observation trains carrying All-Day Lunch cars, will follow the teams as they race, so that spectators, in warmth and comfort, can watch their favorites.

Everything is made easy for you. You can plan your trip with little worry as to details.

An Inexpensive Outing

The fun of two or three days in the Sierra snows won't cost you much. Your expenditure for railroad ticket, Pullman, meals and hotel accommodations need not run over \$40 or \$45 for three days, and, of course, less for one day or two.

The accommodations at Tahoe Tavern or at Truckee will be supplemented by the Pullmans that will be kept warm and comfortable. Extra train service will be provided to Reno and back in case you wish to spend the night there.

Winter sports equipment can be rented at either Truckee or Tahoe. The Dog Derby Association has provided a large club house at Truckee where you can watch the sports, obtain refreshments or rest and relax.

Chief officer Harry Manning says: "Reach for a Lucky instead of a sweet."

"WHEN I climbed aboard the 'America' after those cold, strenuous hours getting the men off the freighter 'Florida,' there was nothing I wanted so much as a Lucky—'By George,' it tasted wonderful! A Lucky is always refreshing. My tense nerves relaxed, my aching throat was soothed and the whole thrilling adventure just seemed a part of the day's work. As time goes by, and as I look back to that memorable night, I'll always remember the wonderful taste of that welcome Lucky. As I went around to visit the men we'd rescued, I found many of them enjoying Luckies, too. We really couldn't wait to get back to our ship and 'Luckies.' As an actual fact in returning to the 'America' I noticed one of our men* rowing with one hand and lighting a 'Lucky' with the other. There's no flavor to equal toasted tobaccos, and I always prefer Lucky Strikes. There's wisdom in the saying: 'Reach for a Lucky instead of a sweet.' It helps a man to keep physically fit and we who follow the sea must always be prepared for any emergency."

*The man mentioned by Chief Officer Manning was Boatswain's Mate Aloys A. Wilson.

Diabetes and Heart Trouble Relieved

Valley, Sept. 12, 1928

To Whom It May Concern:

I suffered from Diabetes (Heart Trouble and Nervous Prostration) for some time. It seemed as though no relief could be had anywhere. Two months ago, however, I began to drink the Fong Wan Herbs and I soon realized that my health was improving. I am happy to testify that my troubles have been entirely overcome and that I now feel like a new woman. I am writing these few lines in order that others so afflicted may know where to find relief.

EL CERRITO NOT TO ADOPT CODE

The council of El Cerrito at its meeting Monday night decided that the Uniform Building Code was too advanced for a city of the size of El Cerrito and would be a detriment if adopted at this time.

On the suggestion of Councilman J. R. Beck the council instructed Building Inspector H. E. Wood to go over the present building code with the city attorney and make whatever changes he thought necessary and submit the amended code next Monday night.

Request of city attorney J. H. Peters to lay over for one week the remainder of the streets in El Cerrito was granted by the council.

Additional help in the office of Treasurer Carl J. M. Shuman was allowed in a motion made by Councilman Beck providing \$75 with which to hire help for the balance of February.

In order to estimate the amount necessary to run the city during the next fiscal year Mayor Phil A. Lee instructed each commissioner and each official to prepare a budget covering the estimated cost of running the various departments.

A communication from the Long Beach Post American Legion asking the council for the signing of a resolution of thanks to the soldiers of the World War I.

Oakland Jail Break Halted By Policemen

Continued from Page 1

and Patrol 1000, held on a four-man team. Police expressed belief that the four men were the same as the other nine men who broke out of the jail.

Captain J. F. Lynch and Detective C. R. A. Wallman immediately started an investigation. They declared that if Fongie had been in the jail, he would have been taken out of the jail and then out into the street, and then out into the street.

A search of the jail records showed that Fongie had been in the jail on January 1, 1929, and that he had been in the jail on January 2, 1929.

The jailer, who is in an office, and is in charge of the jail, was asked to look up the records of the jail.

It was found that Fongie had been in the jail on January 1, 1929, and that he had been in the jail on January 2, 1929.

Fongie, who is in the jail, was taken out of the jail and then out into the street, and then out into the street.

Mayor Phil A. Lee announced that the jail was in a bad way.

The jail was in a bad way, and the jailer was in a bad way.

Army Officials Hunt Air Port In Bay Region

SAN FRANCISCO, Feb. 4. (UP)—Inspection of probable sites for the army's new air depot in California was started here today by Brig. Gen. William L. Gilmore, assistant chief of the air corps at Washington, D. C.

Gilmore visited numerous locations in the San Francisco bay region that have been suggested when a transfer is made from the present location at Rockwell field on Coronado Island. He was accompanied by Maj. Henry R. Clark, chief of the Ninth Corps area, Lt. Col. G. C. Brant of Crissy field and Maj. John L. Hines, commander of the ninth corps area.

Library Fire Only Blaze Here During January

According to the monthly report of Fire Chief W. P. Cooper filed with the city council last night the only fire loss in January was the blaze in the public library building.

The total loss was \$7,299.11 of which \$5,572.32 was the loss on the building and \$1,814.79 the loss on contents.

FEDERAL PROBE LOOMS FOR GLOSSO

Continued from Page 1

Emeryville, Glosso worked as a chemist and illicit rum blender for a group which paid him a high salary. Chief Dan Cox is of the opinion that federal authorities may be familiar with some of the operations of this group and in that manner bring the facts of the fatal burning of Glosso to light.

Although the license number of the car which Glosso drove has been given to the police no trace has been found of the machine.

Body Held Here

In spite of repeated demands upon Coroner Aubrey Wilson to surrender the body of Glosso, which is being held at the local morgue, he has refused to do so and states that he will continue to hold the remains until some definite facts are known concerning his death. Relatives yesterday again attempted to have the body removed to an Alameda undertaking parlor in preparation for final rites.

A thorough search of Wildcat Canyon on horseback yesterday failed to reveal any trace of an explosion or fire. Authorities have centered their search on this section due to a report of a flash seen in that vicinity early Friday morning. Several searching parties have visited the canyon but yesterday's was the first complete check that was made. Every nook and corner of the canyon was thoroughly searched by the mounted searcher who is thoroughly familiar with the country in that vicinity.

In the search continued in Emeryville, Berkeley and Alameda, authorities were unable to discover anyone who knew Glosso well enough to be acquainted with his habits or where he lived.

An automobile of the same make in which Glosso was brought to the emergency hospital here was found yesterday afternoon on the Berkeley country club road. Authorities who inspected the automobile expressed the opinion that it was not the car used in bringing the Glosso here. The machine, however, is being held by police pending further investigation. It is registered to a San Rafael address.

Big Standard Oil Dividend Given In Stewart Fight

Continued from Page 1

tion of the Teapot Dome oil lease scandal.

Meeting March

The annual meeting of the stockholders at which Stewart is seeking re-election, will be held at Whiting, Ind., March 7. Stewart and Rockefeller for several weeks have been jockeying for proxies to be voted at this meeting.

The board of directors recently announced they were unanimous in favor of the colonel's re-election. A few days later, John D. Sr., retired, announced he approved the stand taken by his son.

A statement from the offices of the Standard Oil company late today, however, said the action of the board was taken on the basis of surplus on hand and the prospects for the future and had no bearing on the proxy fight. The statement explained that today's meeting was the regular dividend session and that the books of the company will be closed tomorrow.

The statement, signed by L. L. Stevens, general counsel said the surplus of the company on hand was "upwards of \$28,000,000."

The extra dividend voted today will be paid on one-half share of stock for each full share. The regular dividend of 62 1/2 cents on each share of stock also was announced and an extra dividend of 50 cents a share to be paid after the 50 per cent dividend is deducted. The dividends are payable on March 15.

The additional stock awarded will not be available, as voting power inasmuch as the stockholders' meeting will be held on March 7. But the effect of today's decision should be reflected in Stewart's favor, financial men believe.
